GERMANY ACCEPTS U.S. TERMS

WIRELESS FROM GOVERNMENT STATION STATES ARMISTICE PLAN HAS BEEN AGREED TO

GIVES U-BOAT ORDER

ADVISES SUBMARINE COMMANDERS PRECLUDED FROM TORPEDOING PASSENGER SHIPS

NOTE IS NOT HERE YET

State Department at Washington Expects It, However, Within Few Hours.—No Comment Yet.

London, Oct. 21.—Germany, in its reply to President Wilson's latest note accepts the armistice conditions laid down by the American executive and agrees to leave the procedure to the judgment of military chiefs, said a dispatch sent out by German wireless this afternoon. The information is believed to be an official text of the German reply as it comes from the government wireless station at Nauen, near Berlin. German, adds the note, has issued orders to all submarine commanders precluding the torpedoing of passenger ships. It was stated, however, that the government was unable to guarantee the order reaching commanders. Germany protests against the allegation made of illegal and inhuman actions by German land and sea forces, and that the German navy purposely destroyed life boats or passengers on the high seas. Germany protests the allegation of illegal actions on land, saying that troops have been instructed to spare private property.

Germany declares that the peace offer comes from a government "free from arbitrary or irresponsible influences and is supported by an overwhelming majority of the people."

The note asks that armistice be left to military leaders of both sides. Germany expresses the hope that President Wilson will not approve the demands that are irreconcilable with German honor. German army plotters, says the note, are now being punished. The suggestion is made that a commission of neutrals shall be appointed to investigate the charges that Germany is guilty of outrages on land and on sea.

London, Oct. 21.—Later advices on the German reply state that it calls attention of President Wilson to the fact that there is now a bill before the Reichstag which provides for amendment to the German constitution requiring consent of the people in decisions of war and peace. The note also states that a new German government has been formed in accordance with the wishes of the people who have been accorded "universal franchise" hereafter. The note adds: "No German government can assume, or continue in office without the consent of the Reichstag majority."

Washington, Oct. 21.—An unoffficial text of Germany's reply to President Wilson's peace conditions is before the President this afternoon. It is understood to be an exact duplicate of the official note inasmuch as it was sent broadcast by German wireless. No comment was made, however, and it is the general belief that no matter what action will be taken on the present note, that eGrmany is about ready to make peace at any cost to herself.

Washington, Oct. 21.—State department officials expect the new German note will be delivered to them within a few hours. Until it is in the hands of Secretary Lansing, however, no information concerning it will be made public.

FOOD CARDS DEC. 1

PROGRAM WILL GO INTO TWENTY MILLION HOMES

NO PLEDGE NECESSARY

Provisions on Home Card From Chart by Which Conduct of American Households Will Be Guided.

The new conservation program of the United States Food Administration will go into 20 million American homes the week of December 1 instead of the week of October 27, as was previously announced, to hang upon the kitchen wall until the war is over. The distribution of the new home card has been postponed on account of the epidemic of Spanish influenza throughout the country. The provisions on this home card are the chart by which the conduct of the American households will be guided as long as the stress of war lasts.

One year ago the pledge of food conservation was taken by 12 million families and a home card was given to each for its guidance. This year no pledge will be taken; the Government knows that every loyal American is committed to doing all that is necessary to win the war and fulfill the nation's purpose. The American war conscience is aroused.

When the inter-Allied food council was held last summer, the needs of the Allies were computed and the resources from which they could be met were reckoned. America must this year send for the Army and the Allies half again as much food supplies as last year. In place of 11¾ million tons the shipments this year will be 17½ million tons. This country is pledged to send 50 per cent more food from substantially the same stocks as last year. There must be increased conservation to accomplish this result.

As a first step in the new program, it was resolved by the conference of Federal Food Administrators who met in Washington when Mr. Hoover returned from Europe in September to place in every home the card telling the essence of the new program.

This program is less specific but no less definite than that of the last twelve months. Then the Food Administration was meeting one emergency after another as it rose. This year it will be a long, steady pull directed to the whole food situation and not so much to particular commodities.

RICHARD KUCHS IS DEAD

Youngest Member of Prominent Maryville Family Passes Away at Toronto, Canada.—Body Will Arrive Here Wednesday.

Richard Kuchs, Jr., the youngest son of Mr. and Mrs. Richard Kuchs of this city died Sunday morning at Toronto, Canada. The young man had been ill for a few days with pneumonia which followed an attack of Spanish influenza. His parents received a letter from their son, written Sunday, Oct. 13 in which he wrote that he was feeling fine and everything was well. Thursday afternoon they received a message from a Toronto physician saying their son was seriously ill. They left on the afternoon Burlington train and reached Toronto Saturday morning.

The body will be brought to the family home for burial and is expected to arrive Wednesday noon.

Besides his parents, the young man is survived by two brothers, and one sister. They are Albert Kuchs and Mrs. Eldon Irvin of this city, and Paul Kuhes, who is in army training at Camp Sevier, S. C. Richard was born and reared in this city. When his school work was completed, he took up the study of watch making and for several years had been employed by a large jewelry firm at Toronto. He was a young man of fine character clean and honorable in business and personal dealings with a genial manner that won him many friends. The sympathy of the entire community is with the Kuchs family in their sorrow.

"FLU" SITUATION IS BETTER

Number Under Quarantine Is Being Slowly Reduced.—Only Two New Cases Reported Since Sat.

Influenza conditions are somewhat improved today according to Dr. F. M. Ryan, city physician, who says that but two new cases have been reported since Saturday. "We are releasing from quarantine more than are being reported sick," said Dr. Ryan, "and it looks as though it would not be lons until it is effectively stamped out."

Dr. Ryan said the manner in which the people were co-operating in carrying out the rules and suggestions given by the physicians and medical boards for the prevention of the spread of the epidemic had been a great help.

About fifteen cases are under quarantine today, all of them having the disease in mild form, in several cases not more than severe colds.

WATCH FURNACE — SAVE COAL

Council of Defense Urges Conservation of Fuel—Issues Rules.

The following rules for fuel conservation have been issued by the Women's committee of the National Council of Defense and have been sent to Miss Jessie Parcher, county chairman, with the request that all householders read and follow in every way possible:

Our ships, our railroads, our manufacturing plants all have to have coal to win the war. What the householder wastes is robbing the Government's reserve of fuel. Therefore—

Care for your heater yourself this winter, so as to get out of your coal every ounce of heat it will produce.

Do not heat unnecessary rooms. Do not overheat your rooms. Do not let ashes collect in the stove or furnace. Keep the pipes free from soot. 1-100th inch of soot has the same power to resist as ten inches of iron, so keep your heater clean. Do not let your fire go away down at night. It takes twice as much coal to heat up again next morning.

Keep the air moist by pans of water on radiators or stove. Heat quickly through a dry atmosphere to the ceiling. Moist atmosphere keeps the heat distributed over the room and raises the temperature near the floor.

Use wood in your cook stoves; use wood in your heating stoves; use wood in your furnaces or heating plant whenever possible to save coal for our ships. Wood can be used together with coal in a furnace by puttiny in the wood and covering it with coal. In many communities there is sufficient wood for all domestic use and in many sections of the country, quantities of dead wood are often destroyed as waste. Fuel economy at home will warm a shivering boy in France. Let's burn wood.

If any one in the county owns a pair of the old fashioned carders, such as was used in carding wool or cotton, will they do a public service by lending them to the Nodaway chapter. Bring or send them to headquarters at Maryville.

RETREAT OF HUNS KEEPS UP

ALLIES DRIVING WITHIN A FEW MILES OF GHENT ARE STILL PUSHING AHEAD

FIGHTING STIFFENS

NORTH OF GHENT THE ENEMY IS PUTTING UP A STRONG RESISTANCE

TAKE 3,000 PRISONERS

The British Are Less Than Three Miles From Valenciennes.—Second Hun Line Is Smashed.

London, Oct. 21.—As a result of the continued progress on the Flanders battle line the Allied armies are now menacing the great German bases at Valenciennes, Stamand, Leaux, and Mudenarde, while the British forces entered Tournai today. The fall of Ghent is looked for very soon. The British are now less than three miles from Valenciennes. The French are believed to have taken Denise, an important German stronghold on the Lys river.

The western battle front has been greatly shortened by the Allies victories between the North Sea coast and the Meuse. German resistance north of Ghent apparently has stiffened in the past thirty hours. There was violent action through Sunday on the Sell river north of Solcames which is now entirely in British hands. Although the stream was flooded from recent heavy rains the tanks crossed and drove back the Boches. There were only artillery duels and raids on the French front during the night.

On all the American front northwest of Verdun the Americans have passed beyond the Krimhilde line and are now attacking the outer works of the Frya line.

British troops entered Tournai, an important German base in Belgium fourteen miles east of Lille. The high ground east of the Selle river is now in British hands.

London, Oct. 21.—Heavy cannonading can be heard on the Dutch frontier from the region of Eecloo, said a dispatch from Sluis today. American and colonial troops and heavy artillery have been concentrated there the dispatch added.. King Albert has arrived in Bruges. Belgians who reached the Dutch border are said to have destroyed the frontier barrier.

London, Oct. 21.—Three thousand prisoners were captured in the fighting north of Le Cateau Sunday, the British war office announced today. The British hare advancing on Denain where they are in contact with the enemy.

Paris, Oct. 21.—The night was marked by heavy artillery activity between the Serre and Aisne rivers, the war office announced today. In Lorraine-Alsace incursions into the enemy's lines enabled us to take some prisoners The night wa scalm on the rest of the front.

London, Oct. 21.The evacuation of Antwerp by the German submarines that were trapped by the Allied rush is being sent back to Germany overland according to a correspondent of the Daily Express on the Belgian frontier. The warehouses in Antwerp are being stripped of everything. Before the Germans evacuated all the Flanders coast the Solvy poison factory and enormous quantities of ammunitions were blown up by shell fire.

THE WEATHER

Fair tonight and probably Tuesday; warmer tonight.

To the Citizens of Polk Township

The returns of subscriptions to the Fourth Liberty Loan are now practically complete. They show that Polk Township has failed by about $19,000 to raise its quota.

Subscription books will be open at the Four Banks in Maryville for the remainder of the day.

We want to make this appeal to the citizens of this township—to you who know that you have already done your share—at this closing hour of the campaign to increase your subscriptions if possible. Buy another bond, if you can. With your help Polk Township may be able to take her place with the other townships in the county that have gone over the top.

The Next Money Drive.

In November, after the Liberty loan campaign is well out of the way, the people of the United States will raise $170,500,000 in a campaign which is altogether different from any other money raising campaign which has yet been undertaken.

When the war broke out in 1914, the consecrated men who were directing the activities of the International Young Men's Christian Association saw in it the greatest opportunity for practical service that had ever come to the association. They at once instituted Y. M. C. A. work with the British army, and shortly after that with the prisoners of war in all of the belligerent countries. This work of the Young Men's Christian Association has grown until it has become the greatest enterprise of the kind the world has ever seen. Last year the people of the United States raised $53,000,000 for the use of the Army Y. M. C. A.

Not to be behind their brothers in service, the Young Men's Christian Association quickly organized for war work. They established hostess houses at the different camps, where the women relatives and friends of soldiers could meet them under satisfactory and homelike surroundings, and have taken up overseas war relief work especially suited to women.

Other religious organizations were quick to see the great value of this work, and to take part in it. Through the society known as the Knights of Columbus, adherents of the Catholic faith commenced work along the lines worked out by the Y. M. C. A., and they were shortly followed by the Jewish Welfare Board and the Salvation Army. Indeed, the Salvation Army was in the field as quickly as the Young Men's Christian Association, but necessarily in a much smaller way, because of its limited support.

Then, in addition to the work of these five religious organizations, a War Camp Community Service movement was started for the purpose of ministering especially to the social life of the soldiers both within and without the camps. And the American Library Association began to extend its activities for the purpose of placing good reading matter in the hands of the men both in our training camps and overseas.

While all of these organizations are carrying on somewhat similar work, each of them has been distinct in itself, and raising its money through the efforts of its adherents. When the matter of conducting the yearly campaigns for money came up this year, President Wilson earnestly insisted that instead of having seven separate campaigns, all should join in one campaign to raise the total amount needed for all, and distributing it according to the needs of the work of each particular organization. The organizations complied with the president's request, and a campaign will be conducted in November to raise $170,500,000. Of this amount, the Young Men's Christian Association will require $100,000,000, the Young Women's Christian Association $15,000,000, the Knights of Columbus $30,000,000, the War Camp Community Service $15,000,000, the Jewish Welfare Board the Salvation Army and the American Library Association each $3,500,000. Any excess over this will be distributed in the same proportion.

All of this money will be needed. All of it will be used for work for our soldiers, beginning with the time they go on the train to the training camp, following them through the training camp, across the water on the transports to France, through the training period there, up to the front line trenches, back again to the hospitals and rest areas, and returning with them to their homes. It is the greatest enterprise of the kind in the world, and the money given is the free-will offering of the American people, and given with the thought that they will leave nothing undone to provide wholesome surroundings and conditions for our fighting men. It is a privilege to contribute to this great enterprise. Farmers are especially interested in it, because there are more farmers and farm boys in the United States army than

For Itching Torture

There is one remedy that seldom fails to stop itching torture and relieve skin irritation and that makes the skin soft, clear and healthy.

Any druggist can supply you with zemo, which generally overcomes all skin diseases. Acne, eczema, itch, pimples, rashes, blackheads, in most cases give way to zemo. Frequently, minor blemishes disappear overnight. Itching usually stops instantly. Zemo is a safe, antiseptic liquid, clean, easy to use and dependable. It costs only 35c; an extra large bottle, $1.00. It will not stain, is not greasy or sticky and is positively safe for tender, sensitive skins.

Spanish Influenza-A New Name For an Old Familiar Disease

Simply the Same Old Grip That Has Swept Over the World Time and Again. The Last Epidemic in the United States Was in 1889-90.

THE SYMPTOMS.

Grip, or influenza as it is now called, usually begins with a chill followed by aching, feverishness and sometimes nausea and dizziness, and a general feeling of weakness and depression. The temperature is from 100 to 104, and the fever usually lasts from three to five days. The germs attack the mucous membrane, or lining of the air passages — nose, throat and bronchial tubes—there is usually a hard cough, especially bad at night, often times a sore throat or tonsilitis, and frequently all the appearances of a severe head cold.

THE TREATMENT

Go to bed at the first symptoms—take a purgative, eat plenty of nourishing food, remain perfectly quiet and don't worry. Nature herself is the only "cure" for influenza and will throw off the attack if only you conserve your strength. A little Quinine, Aspirin or Dover's Powders may be given by the physician's directions to allay the aching. Always call a d octor, since the chief danger of grip is in its weakening effect upon the sy s tem, which allows complications to develop. These are chiefly pneumonia and bronchitis, sometimes inflammation of the middle ear, or heart affections. For these reasons, it is very improtant that the patient remain in bed until his strength returns—stay in bed at least two days or more after the fever has left you, or if you are over 50 or not strong, stay in bed four days or more, according to the severity of the attack.

EXTERNAL APPLICATIONS

In order to stimulate the lining of the air passages to throw off the grip germs, to aid in loosening the phlegm and keeping the air passages open, thus making the breathing easier, Vick's VapoRub will be found effective. Hot, wet towels should be applied over the throat, chest and back between the shoulder blades to open the pores. Then VapoRub should be rubbed in over the parts until the skin is red, spread on thickly and covered with two thicknesses of hot flannel cloths. Leave the clothing loose around the neck, as the heat of the body liberates the ingredients in the form of vapors. These vapors, inhaled with each breath, carry the medication directly to the parts affected. At the same time, VapoRub is absorbed thru and stimulates the skin, attracting the blood to the surface and thus aids in relieving the congestion within.

NO OCCASION FOR PANIC

There is no occasion for panic—influenza or grip has a very low percentage of fatalities—not over one death out of every fou rhundred cases, according to the N. C. Board of Health. The chief danger lies in complications arising, attacking principally, patients in a run down condition—those who don't go to bed soon enough, or those who get up too early.

HOW TO AVOID THE DISEASE

Evidence seems to prove that this is a germ disease, spread principally by human contact, chiefly thru coughing, sneezing or spitting. So avoid persons having colds, which means avoiding crowds—common drinking cups, roller towels, etc. eep up your bodily strength by plenty of exercise in the open air, and good food.

KEEP FREE FROM COLDS

Above all, avoid colds, as cold irritate the lining of the air passages and render the mmuch better breeding places for the germs.

Use Vick's VapoRub at the very first sign of a cold. For a head cold, melt a little in a spoon and inhale the vapors, or better still, use VapoRub in a benzoin steam kettle. If this is not available, use an ordinary tea-kettle. Fill half full of boiling water, put in half a teaspoon of VapoRub from time to time—keep the kettle just slowly boiling, and inhale the steam arising.

NOTE: Vick's VapoRub is the discovery of a North Carolina druggist, who found how to combine in salve form Menthol and Camphor with such essential oils as Eucalyptus, Thyme, Cubebs, etc., so that when thesalve is applied to the body heat, these ingredients are liberated i nthe form of vapers. VapoRub can be had in three sizes at a ll druggists. While comparatively new in certain parts of the North, it is the standard home remedy in the South and West for all forms of cold troubles—over six million jars were sold last year. VapoRub is particularly recommended for children's croup or colds, as it is externally applied and can, therefore, be used freely and often without the slightest harmful effects.

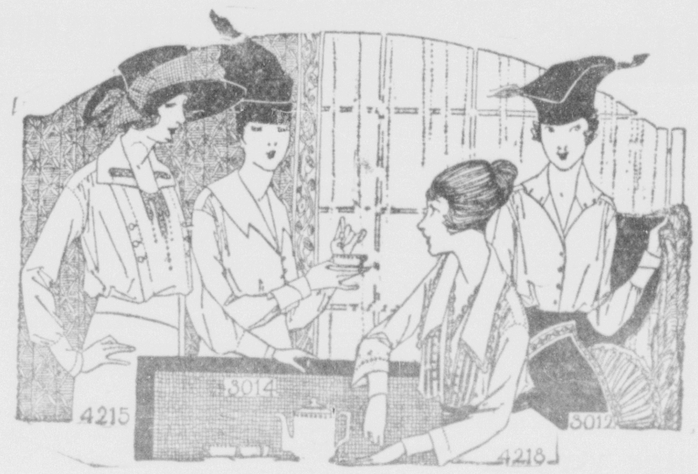
Silk Blouses that Offer You the Sum of Many Savings

Made of

Georgette and Crepe-de Chine of Superior Quality.



The wholly unique, efficient and economical co-operative manner in which these Blouses were acquired, makes it possible for you to exercise in their purchase the sum of many savings.

Briefly summed up, these savings are as follows:

1. Savings in material costs.
2. Savings in cost of making.
3. Savings in the overhead costs.
4. Savings of all selling expense.

The splendid materials out of which the Blouses are made, were purchased many months ago at prices radically under their cost today; the savings in making cost results from their manufacture in vast quantities, the same styles having been made for one good store in practically every city of consequence throughout the country; the lower overhead cost and the elimination of selling expense results from the contract manner in which the Blouses came to us.

This is a rare Blouse opportunity; it's a sale you should not miss if economy has any meaning for you. The quantity is limited and no more of the same styles will be obtainable.

3012 Price $3.98
Of crepe de chine in semi-tailored style. Convertible collar. Turn back cuffs. Seams double stitched throughout.

3014 Price $3.98

The Shakespeare department of the Twentieth Centruy club will meet at 2:30 o'clock Tuesday afternoon at the Elks club with Miss Bertha Beal, hostess.

Auxiliary Girls Serve Lunch.

The Rockford Red Cross auxiliary held an all day meeting last Wednesday at the home of Mrs. Henry Wells, sonuth of the city. At noon the young girls of the auxiliary, who are in the junior class in the Maryville high school superintended the serving of a delicious lunch and won a great deal of praise by the excellent manner in which it was done. Mrs. John R. Evans is director of the auxiliary and Mrs. M. J. Alderman was instructor. Seventeen paper backed pads and 30 triangular bandages were made and one quilt completed and another partially made. Mrs. W. R. Phillips of Colville, Wash., whoh is visiting her sister, Mrs. J. R. Evans, was a visitor at the meeting.

Entertains Guests With hDinner Party.

Mr. and Mrs. Martin Lewis entertained guests at a dinner Saturday night for th ehpleasure of thehir daughter, Miss Mary, who teaches in the schools of El Reno, Okla., and is spending a time at home. The guests were Misses Mary and Hazel Wallace, Miss Alma Lucas, Miss Vella Booth and Mrs. F. M. Petty.

Russian Ballet Date Postponed.

A great many persons had planned to attend the Pavley-Ourainsky Ballet and the Little Symphony which together will be the first number of Mrs. M. H. Hill's concert course in St. Joseph announced for next Monday night Oct. 28. The date has been postponed on account of the Spanish influenza epidemic and it will probably be either Nov. 11 or Nov. 12. Several parties o. Maryville people have been made up for the event.

Wells Family Entertain Friends.

Mr. and Mrs. W. R. Wells living west of Hopkins entertained a party of friends Friday with a dinner at their country home which was served at noon. The guests were Mr. and Mrs. John Evans and family and their guest Mrs. W. R. Phillips of Colville, Wash., Mrs. J. S. Miller and Vera Dorman of this city, Mr. and Mrs. Tim Butts and family and Miss Verna Key of Hopkins.

Dean and Mrs. Colbert Entertain Teachers.

Dean and Mrs. George Harris Colbert entertained the Maryville girls who are teaching in the El Reno, Okla., schools, with a tea last night at their hohme on East Seventh tsreet. The guests were Miss Mary Lewis, Misses Mary and Hazel Wallace, Misses Edna and Esther Deitz and Miss Jeanette Mutz. Theh El Reno schools are closed at present on account of the epidemic. The girls are delighted with their work at El Reno, and especially with the hospitality and courtesies shown them by the John De Lana and Lester Funk families, former Maryville people who have made them feel perfectly at home there.

J. N. Hunt, Park Hockman and Geo. Bentein were Clearmont visitors today.

TO VOTE ON 6 AMENDMENTS

Prohibition, Homestead Loan and Tax-Propositions Are Up at Election on November 5.

Six proposed amendments to the constitution submitted by the last legislature and two propositions of the same nature submitted under initiative and referendum petitions will be voted upon at the state election November 5. Those submitted by the legislature and the order in which they will appear upon the official ballot:

1. Authorizing country school districts to increase their levy for public school purposes from sixty cents on the $100 valuation to $1.00.

2. Authorizing a state tax levy of fifteen cents on the $100 valuation for state support of the public schools. The present rate is one-third of the state revenue fund.

3. Authorizing county courts to make a road tax levy of seventy-five cents on the $100 valuation after such proposition has been submitted to the qualified voters of the county or a road district and approved.

4. Authorizing a special tax levy of ten cents on the $100 valuation for road purposes.

5. Authorizing the smaller cities of the state to increase their indebtedness not exceeding 5 per cent for the purpose of owning water and lighting plants.

6. Prohibiting the manufacture and sale of intoxicants after November 1, 1919.

The two propositions submitted under initiative and referendum petitions:

7. Establishing a state homestead loan fund in the state treasury. Loans are to be made on homesteads by the state at not exceeding 3 per cent interest. No loan shall exceed $3,000.

8. Providing that taxes shall be obtained from land values after June 1, 1919. This is the old single tax proposition with some changes.

MISSOURI IS DOING HER BIT

Four Munitions Factories Turned Out $8,500,000 Worth of Explosives During the Past Year.

Special to The Democrat-Forum.

Jefferson City, Mo., Oct. 21.—The bit Missouri manufacturers are doing to help Uncle Sam win the war is partly established by the fact that four dynamite and powder, ocated in Pike, Jasper and Jackson iounties, in 1917 turned out exposives worth $8,584,322 as rompared to a prodhrtion for 1916 of $6,798,016; for 1915 of $4,213,875 and for 1914 of $3,095,258, announces Commissioner William H. Lewis in advance information from the 1918 Missouri Red Book, which is part of "A war time industrial history of Missouri," which the Bureau of Labor Statistics is compiling for future posterity.

The production of the four plants last year was : Dynamite, 45,169,000 pounds; mixed acids, 8,051,000 pounds; ammonium nitrate, 2,119,000; black blasting powder, 4,215,000 pounds.

The following auxiliaries have reported:

Ireland Industrial: Seven members and two visitors were present;20 triangulars were completed. The next meeting will be October 30.

Hospital auxiliary, 8 5-yard rolls.

Lasher auxiliary, Miss Ella O'Grady instructor; 55 triangulars turned in.

RECEIVING WAR CROSS

The patriotic spirit and devotion with which American women have so far performed war-service work and made sacrifices has never been equalled in the history of any country. Mothers, wives and sisters support this burden with strength and fortitude. But those who are already miserable from the complaints and weaknesses which are so common to women, should take the right tonic for the womanly system.

If a woman is borne down by pain and sufferings at regular or irregular intervals, by nervousness or dizzy spells, by headache or backache, "Favorite Prescription" should be taken. "Favorite Prescription" can now be had in tablet form as well as liquid at most drug stores. Send to Doctor Pierce's Invalids' Hotel, Buffalo, N. Y., for a ten-cent trial package of tablets.

For fifty years Dr. Pierce's Pleasant Pellets have been most satisfactory in liver and bowel troubles.

CARTHAGE, Mo.—" My mother used Dr. Pierce's Favorite Prescription and was so well pleased with it that she gave it to me when I was entering womanhood, and I have used it off and on all my life for ailments for which it is intended to be helpful. I have given it to my daughter for the same ailments. It has always helped us promptly and satisfactorily.

" I have used the 'Golden Medical Discovery' for a bad cough and slight asthma, and was pleased with the way it benefited me.

"I have used Dr. Pierce's Pleasant Pellets all my life for constipation and biliousness. I like them better than other medicine of the kind because I can stop taking them any time without noticing any bad effects. There is no danger of getting a habit and being compelled to keep on taking them." — MRS. GEORGE F. BLUE, 711 East Second Street.

In a recent issue of Important Items it is requested that no coif be worn outside of work rooms.

A CLEAR COMPLEXION

Ruddy Cheeks—Sparkling Eyes —Most Women Can Have

Says Dr. Edwards, a Well-Known Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system.

If you have a pale face, sallow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results.

Thousands of women as well as men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep in the pink of condition. 10c and 25c per box. All druggists.

SAUNDERS GETS RED CROSS JOB.

St. Louis, Mo., Oct. 21.—William F. Saunders, deposed as secretary of the Missouri State Council of Defense because of his political activities, will go to France in an executive and clerical capacity for the Red Cross. Saunders made application for overseas service and has been personally recommended by George W. Simmons, director of the Southwestern Division of the Red Cross. Saunders already has received his appointment. He will be paid only his expenses. As secretary of the State Council of Defense Saunders was paid $5,000 a year.

All Choked Up With Catarrh? Why Continue Makeshift Treatment?

Sprays and douches will never cure you.

Catarrh is annoying enough when it chokes up your nostrils and air passages, causing painful and difficult breathing and other discomforts. But the real danger comes when it reaches down into your lungs.

This is why you should at once realize the importance of the proper treatment, and lose no time experimenting with worthless remedies which touch only the surface. To be rid of Catarrh, you must drive the disease germs out of your blood.

Splendid results have been reported from the use of S. S. S., which completely routs from your blood the Catarrh germs, for which it is a perfect antidote.

S. S. S. is sold by all druggists. If you wish medical advice as to the treatment of your own individual case, write to-day to Chief Medical Adviser, Swift Specific Co., Dept. B, Atlanta, Ga.
